HOSE BARB FITTINGS

MANUFACTURED FOR QUALITY HOSE BARB FITTINGS

Here at Midland Industries, we have all of the Hose Barb Fittings and options you need, including brass, stainless steel, plastic, and even in lead free options!

These Hose Barb Fittings are designed to connect equipment to hoses, or even hoses together with other hoses in a variety of industries including agriculture, air, automotive, construction, hydraulic, irrigation or other fluid-based applications, mining, and oil & gas.

Assmebly Instructions:

- 1- Cut hose cleanly and squarely to length.
- 2- Slide clamp on hose.
- 3- Lubricate hose. Push hose on fitting until hose bottoms against stop ring or hex.
- 4- Position hose clamp as shown below and secure with a screddriver or wrench.

Innovative, efficient and reliable.
Our Hose Barb Fittings
come in a variety of options for
any application you need!
