

All New Midland Industries **UL/FM FLANGED SWING CHECK VALVE**

PLACE AN ORDER TODAY!

Industry Standard **UL/FM FLANGED SWING CHECK VALVE**

This new ductile iron, flanged, epoxy coated swing check valve is UL listed and FM approved. Made for fire line applications this valve has resilient seats on both the disc and the body and comes with a full stainless-steel trim package, including the hinge pin. The stainless-steel package creates a long lasting valve designed for applications where exposure to elements such as a marine environment can be kept at bay for many years. Now stocked in a size range of 3" to 12".
